4. Consider additional environmentally valuable areas for inclusion in a Municipal Stewardship Agreement and delineated as future Management Units in conjunction with the Wildlife Division of the Department of Fisheries, Forestry and Agriculture.

Opportunity to expand the existing Habitat Stewardship Agreement

This is a satellite map of a coastal region. An orange line outlines a large area that includes a city and surrounding green spaces. Within this area, several smaller regions are highlighted in solid red. These red areas are located in the northern part of the city, along the coast, and in the southern part. A white arrow in the top left corner points towards the top of the image. A scale bar at the bottom indicates distances of 0, 2.5, and 5 km.
