

Petition to St. John's City
Council

October 30th, 2023

Re: 40 Quidi Vidi Road
Redevelopment

Petition to the Councillors of the City of St. John's

With regards to the construction of an access road from the rear of the property at 40 Quidi Vidi Road through Cavell Avenue Playground and onto Cavell Avenue.

We, the undersigned, are opposed to the development of an access road through Cavell Avenue Playground for the following reasons.

- An access road through the Playground will jeopardize the safety of the children who use the playground. It will create an unsafe environment for play and recreation.
- An access road through the Playground and resulting traffic will jeopardize the safety of residents of Cavell Avenue, including young children and the elderly.
- A mandatory exit onto Cavell Avenue will jeopardize the safety of staff and patrons of the new First Light facilities. The intersection of Cavell Avenue with Quidi Vidi Road is a hazardous intersection year-round, especially in the winter.
- An access road through the Playground will diminish its usability and interfere with future endeavours to improve its value as a treasured green space in the community.
