

DECISION/DIRECTION NOTE

Title: Application to Rezone Land to the Commercial Neighbourhood Zone for a Lounge and Eating Establishment (Pub and Eatery)
MPA1800006
75 Airport Heights Drive

Date Prepared: November 26, 2019

Report To: His Worship the Mayor and Members of Council

Councillor & Role: Councillor Maggie Burton, Planning and Development Lead

Ward: 1

Decision/Direction Required:

Following provincial release of the proposed amendment for 75 Airport Heights Drive, Council may proceed and adopt St. John's Municipal Plan Amendment Number 153, 2019 and St. John's Development Regulations Amendment Number 700, 2019.

Discussion – Background and Current Status:

The City has received an application for a pub and eatery at 75 Airport Heights Drive. The property is currently zoned Commercial Local (CL) which does not allow a Lounge or Eating Establishment use. The applicant has requested to rezone the property to the Commercial Neighbourhood (CN) Zone in which Lounge and Eating Establishment are Discretionary Uses. The properties surrounding 75 Airport Heights Drive are zoned Residential Low Density (R1) and a majority of the properties are dwellings apart from two vacant lots adjacent to the property on the western side.

The property is designated Residential Low Density under the St. John's Municipal Plan and applies to those areas characterized by a predominance of single detached dwellings. The CL Zone is permitted under the RLD District, however a rezoning to the CN Zone would require a Municipal Plan amendment to the Commercial General District.

The existing building at 75 Airport Heights Drive was built as a Daycare Centre and was rezoned in June 2018 to the CL Zone to accommodate commercial uses such as office, take-out or hair salon. The same applicant is now asking to rezone the land to CN for a pub and eatery. The development will require 17 parking spaces. The applicants have proposed 10 parking spaces and have requested parking relief for 7 spaces. The applicant's justification for parking relief is that the property is within walking distance to the adjacent residential neighbourhood. The City's Manager of Transportation also notes that there is on-street parking available on the opposite side of the street from 40 Airport Heights Drive to Canso Place.

There was a mixed reaction from the residents both at the meeting and in the written submissions respecting the proposed restaurant and lounge. Many residents in the overall

ST. JOHN'S

neighbourhood support the proposal, while residents immediately adjacent to the site have expressed concerns. One aspect that was clear from the public meeting was that the need and desire from residents to have a gathering space within the neighbourhood; however, some suggested that a restaurant, café or library would be more appropriate than a lounge.

Objections for the development include concerns regarding increased number of cars parking on the street, increased noise, decrease in property value, increased vandalism and litter, potential of rodents, and that the proximity of the subject property to Roncalli School and the new seniors complex will create traffic problems. Following the meeting, the applicant sent an email to staff advising on how they plan to mediate the concerns raised at the public meeting. These include installing noise reducing Gyprock on the rear exterior wall, limiting musicians to acoustic solos on weekends only, designating a smoking area at the north corner of the property and installing a cigarette disposal bin that will be emptied daily.

Given the desire of the community to have a gathering space, the Commercial Neighbourhood Zone is an appropriate zone for this property as it allows many of the uses, they would like to see in their neighbourhood. Therefore, it is recommended to adopt the rezoning to CN at 75 Airport Heights Drive. As Eating Establishment and Lounge are Discretionary Uses within the CN Zone, the uses will be advertised with the Public Hearing notice, should this amendment proceed. The applicants have provided information on how they would address the public's concerns, and this will form part of the discussion at the Public Hearing stage prior to Council making a decision on the Discretionary Uses.

At its regular meeting on October 21, 2019, Council decided to proceed with the proposed amendments and requested that the Department of Municipal Affairs and Environment issue a provincial release for the amendments. Provincial release has now been issued for St. John's Municipal Plan Amendment Number 153, 2019 and St. John's Development Regulations Amendment Number 700, 2019. It is now in order for Council to proceed with the next steps in the amendment process.

Key Considerations/Implications:

1. Budget/Financial Implications: Not applicable.
2. Partners or Other Stakeholders:
Neighbouring residents and property owners.
3. Alignment with Strategic Directions/Adopted Plans:
A Sustainable City – Plan for land use and preserve and enhance the natural and built environment where we live.
4. Legal or Policy Implications:
An amendment to the St. John's Municipal Plan and Development Regulations is required.
5. Privacy Policy Implications: Not applicable.

6. Engagement and Communications Considerations:
Advertisement of the proposed amendment and Public Hearing.
7. Human Resource Implications: Not applicable.
8. Procurement Implications: Not applicable.
9. Information Technology Implications: Not applicable.
10. Other Implications:
Parking relief of 7 spaces is considered.

Recommendation:

It is recommended that Council now adopt the attached resolutions for St. John's Municipal Plan Amendment Number 153, 2019 and St. John's Development Regulations Amendment Number 700, 2019. If the resolutions are adopted by Council, it is further recommended that Council appoint Ms. Marie Ryan, a member of the City's Commissioner list, to conduct a Public Hearing on the proposed amendments. The proposed date for the public hearing is Thursday, January 16, 2020, at 7 p.m. at St. John's City Hall.

It is further recommended that Council advertise the Lounge and Eating Establishment as Discretionary Uses on the Public Hearing notice.

As per your email request, here are the brief descriptions of the our measures to mediate the concerns addressed at the public consultation

1. Parking: Given that this development is being put forth as a walk to establish for the residents of Airport Heights, we believe we have sufficient parking on site for the staff and the few that will actually drive. Also there is on street parking along Airport Heights road that can accommodate extra parking in the event of unforeseen parking restraints on special events. These parking spaces do not impede any residents in the area.
2. Property Values: we have consulted with a number of real estate agents and this is the consensus. Property values will not be affected from a small neighbor Pub. Granted the preferences of some buyers may shift such that some may not wish to purchase next to a eating Establishment, and some may seek to buy property near an eating Establishment.
3. Garbage and Rodents: We will be using an enclosed steel garbage bin supplied by GFL stored on the north corner behind a wooden gate and will be emptied on a weekly basis by GFL.
4. Noise: We do not anticipate any activities inside the pub to create any noise that will be heard outside the exterior walls. But as an extra precaution we will install noise reducing Gyproc on the rear exterior wall. It should be noted this is not a night club and at best will have background music only with the odd evening having a one man solo act.
5. Smoking: we will designate a smoke area to the north corner towards the vacant lot to eliminate any disruption to the neighbors. There will be a cigarette disposal bin placed at this location and will be emptied on a daily basis.
6. There was some comment about VLTs. We have not had any discussions on VLTs in this pub. Again we willing to discuss any concerns but we are focused on the rezoning right now and the Eatery is our main concern for a revenue generator.
