

NEVIDA MUST REDUCE THE SIZE OF ITS BUILDING TO ACCOMMODATE PARKING FOR ITS TENANTS!

Our reasons:

- Increased traffic
- congestion & en route to hospitals
- hazards for pedestrians, runners, bicycles, e-bikes, scooters, and children
- parking problems
- inconvenience for residents with mobility issues needing access to on-street parking
- problems with snow clearing, street cleaning and garbage collection.

We the undersign request that the city councilors denies Nevada Properties Inc. the parking relief required in the proposal of the 6 story, 100-1 bedroom unit at 5-7 Little Street. We also urge the necessary revision in the size that aligns with all residents in our community.

Our Reasons Being

- * Increased traffic, being you already approved parking relief for the 205 unit currently being built in our neighborhood.
- * Congestion in and out to our main roadways en route to hospital.
- * Hazards for pedestrians, runners, bicycles and children.
- * Overflow parking from visitors, family and friends from tenants of building. Causing inconvenience for residents with mobility issues.
- * Problems with snow clearing, street cleaning and garbage collection.
