The information does not show where the access to the daycare centre is located from the outside of the proposed building. How many daycare spaces are wanted and how many employees will be at the daycare centre at one time. If seven parking spaces are needed for daycare employees, the daycare centre will have quite a large capacity. Residents at the rear on Tigress street could be subject to a lot of noise from traffic behind their houses, as well as from parking lot snow clearing etc. More in-depth information may be needed before accepting this application.
