

DECISION/DIRECTION NOTE

Title: 2020 Heritage Financial Incentives Program

Date Prepared: March 2, 2020

Report To: Chair and Members, Built Heritage Experts Panel

Councillor and Role: Councillor Maggie Burton, Planning and Development Lead

Ward: All

Decision/Direction Required:

To seek approval to include historic wrought iron fences in the Heritage Financial Incentives Program.

Discussion – Background and Current Status:

On March 1, 2020, the City began accepting applications for the 2020 Heritage Financial Incentives Program. Applications are accepted from March 1 to May 1 each year. This will be the fifth year that the Incentives Program has been offered.

The Heritage Financial Incentives Program is intended to defray some of the cost associated with maintaining and conserving municipally designated Heritage Buildings and those buildings located in the City's designated Heritage Areas. While the Heritage Areas are primarily in Ward 2, there are Designated Heritage Buildings throughout the City.

There are two types of Financial Incentives offered: the Heritage Maintenance Grant and the Heritage Conservation Grant. Attached is a description of the program and a list of eligible work projects pertaining to each grant.

Under the current program, fences, outbuildings and landscaping are not eligible for assistance. Some citizens have asked the City to allow financial assistance for historic wrought iron fences given the associated cost to replace such fences, and that there are few wrought iron fences remaining. If wrought iron fences are to be included in the Heritage Financial Incentives Program, the grants could be limited to properties with existing historic wrought iron fences and only include fences along a public street. New installations of wrought iron fences where they did not previously exist would not be included.

Wrought iron fences would be best included in the Heritage Maintenance Grant only, which could issue a grant of 25% of the material and labour costs to a maximum of \$1,000 per building, per calendar year.
