Subject: FW: Application: 40 Arctic Avenue

Hello,

I work at Memorial University. I spend more than 8 hours per day in on campus. This kind of installation are not save for the human brain. In the wort case scenario, they cause cancer. In best case scenario, they are not proven to be save. For the physical and mental health of MUN's staff and young generation, please install this antenna elsewhere! These companies make a lot of money, they can build their own tower and use it for lucrative purpose. Not a public institution such as a university building. In numerous studies, the statistics shows a correlation between the increase in cancer and anxiety cases after the installation of this type of antenna.

Thank you,
[REDACTED]

Subject: Application: 40 Arctic Avenue

City of St. John's Media Relations has issued the following:

=====

Public Notice

Tue, 2020/04/21 - 9:30am

Application: 40 Arctic Avenue

Application

A Discretionary Use Application has been submitted to the City of St. John's by Eastlink seeking approval to install six antenna and add a new 4.8 m² equipment shelter on the roof of 40 Arctic Avenue (Earth Sciences Centre)

Description

In accordance with the City of St. John's Siting Protocol for Wireless Facilities, the City of St. John's hereby notifies property owners in the vicinity of 40 Arctic Avenue of Eastlink's intention to install an antenna system consisting of:

- six Tongyu Dual Band antennas and three Remote Radio Units. Two Sectors will be installed at each location on the east, west and south sides of the building roof, and installed at an elevation of 17 m (main roof slab).
- a 2 m x 2.4 m prefabricated equipment shelter to be installed on north side of building.
